SUMMARY

This CUSTOMER & SERVICE RELEASE NOTES document describes the purpose, configuration, and operation of new features made available with this release, identifies issues resolved in the release, and highlights any unresolved known limitations.

Please carefully review these release notes even if your system will not be upgraded immediately, to identify and communicate any issues that may affect your organization.

Intended Audience

The intended audience for this document is the RIS Administration team for all eRAD RIS customers.

The intent of this document is to describe the content of the build or hotfix with sufficient detail for a Customer to be able to understand the features, and for the Customer's RIS Administrator to be able to perform routine configuration of features.

This information should be used by all customers to determine how these changes affect their organization's workflow, and to plan their organization's upgrade strategy for eRAD RIS.

There is no separate SERVICE RELEASE NOTES edition of this document.

Release Content

This release of eRAD RIS 4.2023.004 includes a Provider Portal system message enhancement that updates the submit order warning message to be more visible to staff users.

Who Is Affected

This version is recommended to be applied on eRAD RIS v4.2023.003 installations.

NEW SETTINGS

No settings were added or updated with this release.

NEW FEATURES

Provider Portal

Feature #32685 – Prominent submit order warning

Feature Description

This enhancement to Provider Portal System Messages updates the submit order warning message to be more visible to staff users.

Previously, the warning message that alerts staff users that they are not authorized to submit orders on behalf of the provider without review wasn't sufficiently prominent.

With this change, the message is now displayed in a larger, bolded, red font.

RESOLVED ISSUES AND KNOWN LIMITATIONS

Resolved Issues

No additional issues were resolved with this release.

New Known Limitations

No new known limitations were identified with this release.
