New Known Limitations

The following new Known Limitations were identified with this release:

- IDENTIFIED BEHAVIOR (FROM #36609) – ICODES FOR NEW ACCOUNT CREATION AND EXAM ACCESS ARE NOT DISTINGUISHABLE ON PATIENT ADMIN PORTAL
 - ISSUE: When exams are reaching exam done status two ICODES are being generated for the patient in the Patient Admin Portal. One ICODE provides exam access and the other ICODE sends the patient to create an account workflow.
 - IMPACT: The Patient Portal admin does not have a way of distinguishing between both ICODEs if asked to resend an ICODE for any reason.
 - WORKAROUND: No known workaround identified at this time.
