SUMMARY

Release Announcement

This release of ERAD RIS 4.2023.020 resolves several issues relating to Insurance Eligibility and Amount To Collect.

New Features

No new features were introduced with this release.

Resolved Issues

This release resolves the following issues:

| Category | Redmine # | Subject |
|-----------------------|-----------|--|
| Scheduling | 33390 | Resolved an issue that was causing Order B to show a \$0 Amount To Collect after rescheduling. |
| IVT/Precert | 33514 | Resolved an issue that was causing financial override values to be deleted after opening and saving the IVT screen. |
| Insurance Eligibility | 33700 | Resolved an issue where Amount To Collect was incorrectly populated from estimated patient responsibility when no payment rules applied. |
| Insurance Eligibility | 33741 | Resolved an issue that was causing the eligibility request to not update when selected carrier was not set up to run eligibility. |

New Known Limitations

No new known limitations were identified with this release.
