FEATURE DETAILS

Insurance Eligibility

Feature #35500- Implementation of Provider Pin in Eligibility Request

Summary

This enhancement to Insurance Eligibility implements sending a Provider Pin with the eligibility request to bring back an eligibility return.
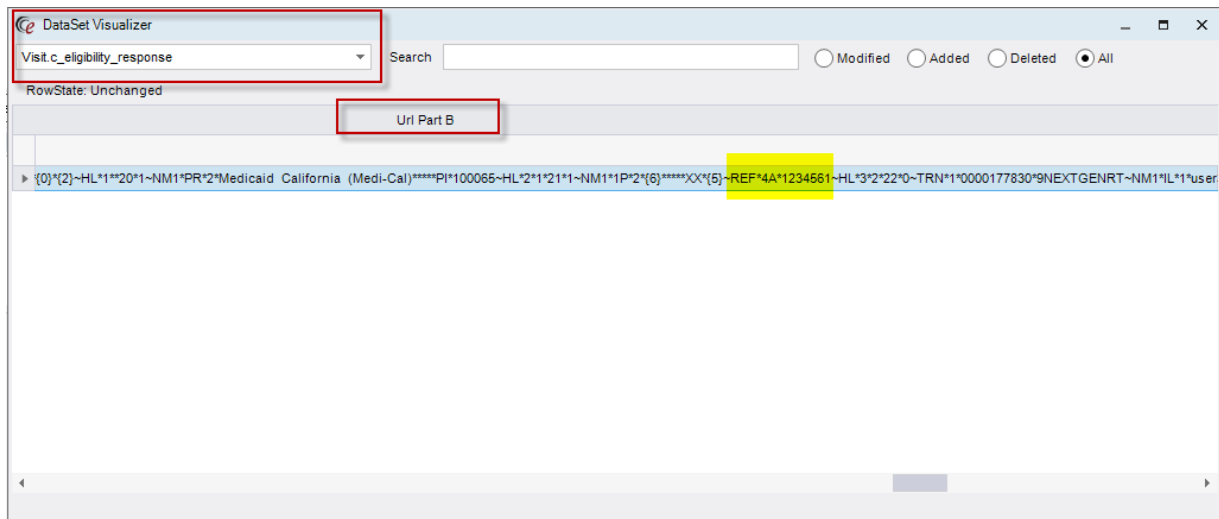

Background

The Medi-Cal insurance provider now requires a Provider Pin to be transmitted with the eligibility request in order to receive eligibility benefits.

Feature Description

With these changes, the Provider Pin value within the Eligible Config table will be added to the REF 04 segment of the Eligibility Request (270).

To confirm the Provider Pin was included in the eligibility request, the `URL Part B` column within the Dataset visualizer can be referenced.

DATASET VISUALIZER, URL PART B COLUMN.

Configuration Instructions

System Administrators must complete the following actions to enable this feature:

- Ensure Carrier code has a configured Payer ID within the Carrier table.
  - The system will reference the Payer ID associated with the Carrier code, therefore, all rules configured to the Payer ID will be applied to all associated carriers.

Configure a Practice, Carrier Code, Provider Pin and all other required fields in the Eligible Config table
