FEATURE DETAILS

Patient WF: Make Appointment

Feature #33688 – Improved type-ahead functionality for insurance selection in Portals

Summary

This enhancement to Patient WF: Make Appointment improves type-ahead functionality when adding new insurance within the Provider and Patient Portals.
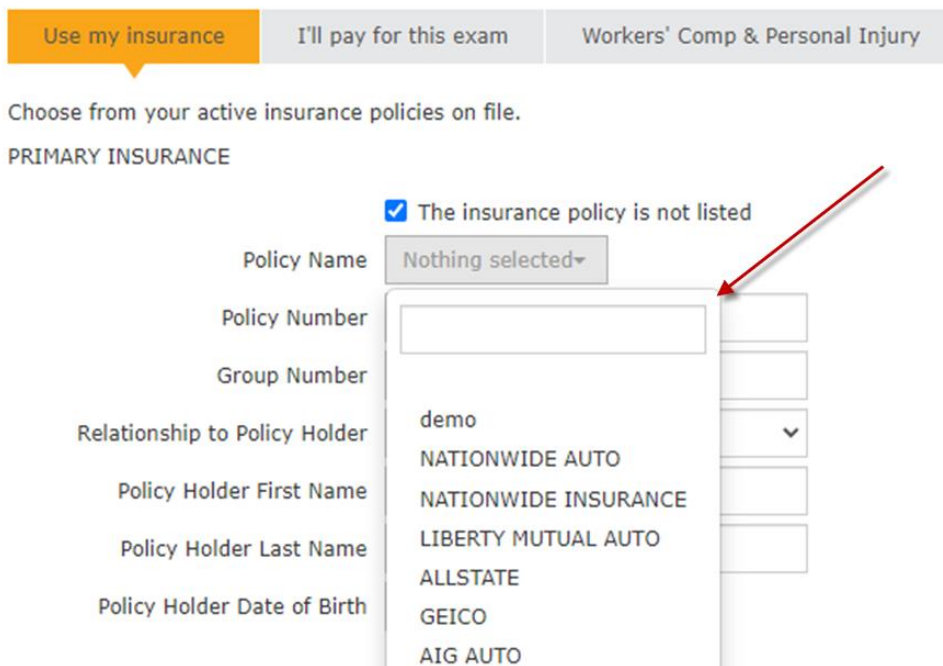

Background

Previously, type-ahead functionality for insurance only allowed users to search for insurance based on the initial letter of the description.

Feature Description

With this change, the ability to search for any part of the insurance description string has been added to both the Patient and Referring Portals.

Both the default description and the Portal Friendly description will be considered when searching for the insurance selection in the dropdown menu.

FILTER FIELD ON INSURANCE TAB WITHIN PATIENT AND REFERRING PORTALS.

Configuration Instructions

No System Administrator actions are necessary to enable this feature.
